

# *America's U.S. Miss*

NATIONALS

SCHOLARSHIP PROGRAM  
PO BOX 738  
MT. PLEASANT, IOWA 52641

Dear Distinguished Panel of National Judges,

Thank you for taking the opportunity to invest in the leaders of tomorrow! In a national winner we are seeking a fresh- face, fashion-forward, teenage girl or college girl next door to represent our scholarship program. We are seeking a representative who excels in school, volunteer service, as well as is a positive role model. The national title holder should be caring, gracious, friendly, and “real.” Her natural beauty should shine through and radiate for all to see. An America’s U.S. Miss national titleholder should have a sense of fresh/trendy age appropriate style and have a great personality onstage as well as off.

Many pageants today focus on the “perfect body, hair, gown and makeup.” However, at America’s U.S. Miss our goal is to focus what comes from the inside of the titleholder and a healthy, active individual on the outside. The young ladies are asked to wear clothing items that best expresses their personality. It is our goal to recognize the uniqueness and individualism of the young ladies of today. Suits are not required for interview, however some contestants may choose to wear them. They are encouraged to select clothing that best represents their personalities.

We are very proud of our national finalists and we are asking you to select a representative out of the present group of winners to represent young women today on a national level. Thank you again for your time in supporting these outstanding young women.

Sincerely yours,

Megan Wettach, National Director
